JOHN DWIGHT & CO'S
SODA SALÆRATUS
MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 42 East water-st.
The attention of the public is called to this article as being superior to Pearlash Saleratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Saleratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use.
Also may be found, John Dwight & Co.'s
Washing & Cleansing Powders,
which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other iron works leaving the iron perfectly dry, and not liable to rust.
Directions for use are printed on each package.

The Eckford is the only Line not interested in, or committed to, a Propeller Upper Lake Line; and in endeavoring to sustain a line of Steamboats on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, when interest demands the continuance of a line of such a class of Boats. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.
It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

EMPIRE INSURANCE COMPANY,
Union Springs, N. Y.
CAPITAL..........$100,000.
THE Directors of the Empire Insurance Company feel confident that the plan of Insurance adopted by them will meet with a hearty response from a discerning public. Our Charter and By-Laws require that the applications received shall be divided into two or more classes. Dwelling Houses, and property of similar hazard, only, can be insured in the First Class, excluding Taverns, Work-shops, School-houses, Seminaries, Churches, and other kinds of hazardous property, which may be insured in the so-called "Farmers' Companies," or "Farmers' Departments." This will render the Empire emphatically a "FARMERS' COMPANY."
They submit for the judgment of their fellow citizens, the following summary of their plan of operations:
1. Policies will be divided into distinct Classes, the funds of each class being kept separate, and each paying its own losses. Those insured in one Class are not liable for losses happening in the other.
2. Any applicant may, at his option, pay a definite sum in full for his insurance, in lieu of a premium note.
3. The First Class to consist of dwelling houses and other farm buildings and personal property therein. Not more than two-thirds of the value of any building to be insured; but the personal property therein may be insured to its cash value.
4. The Second Class to consist of Churches, School-houses, Seminary buildings, Work-shops, Taverns, Stores, Mills propelled by water power, &c., and personal property therein.
5. Not more than $3000 will be taken in one risk.
6. Steam Mills of all kinds, Distilleries, Cotton and Woolen Factories, Powder and Oil Mills, Warehouses, Machine Shops, and other extra hazardous property will not be taken in this company.
7. This Company will hold itself responsible for the correctness of all surveys and other official acts of its authorized agents, thus sending all cavil as to the technical correctness of surveys, and the consequent liability of the Company.
8. Any policy-holder may at pleasure withdraw from the Company by paying his share of the losses up to the time of such withdrawal.
9. This Company will adjust all claims with promptness and liberality, and if at any time a difference shall arise between the parties, the same may be settled by a mutual reference in the county where the loss occurred.
10. Additional Stoves may be set up, or moved from one room to another, without giving notice to the Company; also, such repairs as do not increase the hazard of the property, need not be notified.
11. This Company will pay losses caused by lightning, whether the buildings are burned or otherwise damaged.
12. Should any more money be collected than sufficient to keep the company in a sound condition, it will be returned to the policy holders in proportion as each shall have paid in.
The Directors, in soliciting patronage for the Empire Insurance Company, do so in the firm conviction that the plan will be found as CHEAP and SAFE as any company can be made. In arranging their lists of Hazards, and the kinds of property to be insured in each class, they have sought to secure sufficient cash premiums to meet all losses; laying by the small notes taken as a Reserve Fund, which shall render the Company perfectly safe against all contingencies.
For a more definite and full view of their plan of operations, they respectfully invite an examination of their lists of Hazard and Classification of Property to be insured.

NEW YORK MUTUAL BENEFIT ASSOCIATION,
Union Springs, N. Y.
THIS Association is formed for the mutual relief of its members in case of sickness or accident. A careful examination of its principles, and its beneficent objects, is respectfully solicited. The character and standing of the Board of Directors is a guaranty that the money received will be safely preserved, and faithfully devoted to the objects proposed. The progress of HEALTH INSURANCE, within the past few years, in localities where its principles have been understood, and its beneficent results practically seen and felt, is unparalleled.
Men are literally binding themselves together to bear one another's burdens. No kind of insurance can be so generally useful as that of Health; for most people are dependent upon it as the capital which enables them to procure the means of livelihood. [illegible] this is gone, all is gone; and either an unpleasant dependence on friends, or pinching poverty, is the frequent consequence. It is not presumed that accident or the ravages of disease can be prevented; but by a wise forethought, a fountain may be provided, which, when the hand of affliction does come, will soften its asperities, and secure a comfortable support for yourself or family.
Conditions of Membership.
A CERTIFICATE OF MEMBERSHIP will be forwarded on payment of $1.50 Admission Fee, and the first annual deposit mentioned below. Each member will be entitled to a Weekly Benefit during the time disabled by sickness or accident from attending to his ordinary business or occupation. Persons from 14 to 60 years of age, of ordinary health and good habits, may become members on the following conditions:
$2 per year, will draw $2 per week.
$3 " $3 "
$4 " $4 "
$5 " $5 "
Persons over 50 years of age—
$2.50 will draw $2 weekly benefit.
$3.75 " $3 "

$6.25 " $5 "
Twenty-five cents will be charged, in addition, for a renewal of the Certificate. Each member will be furnished with a copy of the Articles of Association, and a monthly report of its financial condition, and of the doings of the Board.

VOLUME VIII. MILWAUKEE DAILY SENTINEL. NEW SERIES.

By Spiritual Telegraph!

Talk of O'Rielly and Speed! and compare the sort of "telegrams" which we get—or don't get—by those lines, with the following full and accurate report received by the *other* line, by the Cincinnati *Atlas*:

Gen. Lewis Cass, late of Ohio, and Senator from Michigan, departed this life within a day or two after the Presidential election, in the year of grace 1848. He died instantly after receiving important intelligence through magnetic agency. His last exit is supposed to have been easy. It is fact, as was remarked by the gentleman who wrote his obituary, "he died with *telegraphic despatch*."—Such an end, however, as is well known in the other world, inclines the spirit to be uneasy, and communicative, and in this case the tendency has been very perceptible.

We hope to give, on another occasion, a sketch of the person, character and qualities of the celebrated German medium, Miss Samiella Hellriggle, selected for her eminence in her medical profession, as the organ for communication; but we must confine ourselves to the remark, that with the exception of a want of a full knowledge of the English language—which sometimes produce ludicrous effects—she appears exceedingly acute and well qualified.

Mr. Swipes—My dear Miss Hellriggle, will you please inquire if I may communicate with the spirit of the late General Cass?

Miss Hellriggle—Yeas—(raps on the table; ees de speerit of *Genkass* down dere?—Rap. (A single rap is yes; two raps no.)

He is dere, Meester Swipes. Ees you 'appy, *Genkass*? Rap, rap. He ees not 'appy, Meester Swipes. What ees the matter, *Genkass*?—Rap, rap, rap.

He calls for the alfeebit, Mr. Swipes. Calls over the alphabet, and spells out—"musty hay and no oats!"

Mr. Swipes—What does this mean? Who are you talking with? Ask him his name.

Miss H.—Vat ees your name, Genkass? Calls over the alphabet and spells, "hee haw, hee haw." He is either one shackass or one Potawotomy Indian. Ees you a shackass?—rap. He is a shackass. I made von *leetle* mecstake, dat ish all.

After some difficulty the communication is effected with sufficient correctness to procure a response from the proper person. The General, too, complains, like his predecessor on the stand of short commons—thinks the confinement does not agree with his health, talks of leaving—and inquires if there is not some good water cure establishment above ground, where he can go and recuperate. We omit this portion of the dialogue.

Miss H.—Vell, General, vat you tink of nodder presidential race? eh!

Gen. C.—*Race!* Don't talk of races. Since that infernal article in the Democratic Review, the idea gives me the dyspepsia. However, if they'll rub me down well, make the distance only a quarter, and get Old Chip to agree to run slow, I'll try it. I want some good, strong horse medicine.

Miss H.—Vat's your opinion of the Compromise?

Gen. C.—I wish the dogs had it. It *compromised* me, and that's all the good it did. I tried to dodge it, and *dodged* myself. Please talk about something else.

Miss H.—Vell, den, General, if you is nominated, will you take the stump?

Gen. C.—No. I took a *stump* in the late war, and broke my sword in the operation. It won't do to try that experiment again. I must have something new.

Miss H.—General, vat did you mean by the Nicholson letter?

Gen. Mean! I meant precisely what I didn't say, of course. The people don't understand my position. I held the office of political supervisor, and set up a guide board to point up one road and down the other. Was'nt that right? I am writing a commentary on that letter in seventeen volumes, printed to correspond to my life of Louis Phillippe. The people need instruction.

Miss H.—What you tink of Mister Douglas?

Gen. C.—Don't say a word. He's a particular friend, and I should'nt like to tell what I thought of him. He's a race horse of the blood of Young America, with wind limb, speed and bottom. I sent an agent to buy him off the course, but his price is too high. What shall I do?

Miss H.—How long was you von Democrat?

Gen. C.—I crossed the Alleghanies forty years ago, on foot, with only a silver dollar in my pocket. I have seen this great country rise and grow from the stump. I—I—

Miss H.—You vas in de armee.

Gen. C.—I served my country, till I broke my sword; then I retired to the shades of civil life, and—

Miss H—Edited von Federal Gazette?

Gen C. Hush, my dear lady; do not speak so loud. Here is Buchanan standing by. He'll claim me for a brother, and try to steal my thunder, if he finds it out.

Miss H.—You vas von great friend of Louis Phillippe?

Gen. C.—I liked him well, until he lost his throne; what good could my affection do him after that?

Miss H—How many times have you saved your country?

Gen. C—As near as I can calculate, about sixteen.

Miss H—Ees you for intervention, or not?

Gen. C—Both. Read my speech in the Senate. I argued one way, and proved the other. I saved the country then.

Miss H—Vell, General, vot you tink of de democracy platform?

Gen. C.—Platform! No platforms for me.—Platforms have been my ruin. I never could mount a platform. I never could get on the right side. There is no such thing as a democratic platform. If a man submits to be a candidate now-a-days, he must be able to stand on one end as well as the other. If you build a platform for me, remember to set it on edge, so that I can mount astride of it.

Miss H.—Vat is your opinion of de 'propriation for rivers and harbors!

Gen. C.—What's that you say?

Miss H—Vat your opinion of de rivers and harbors?

Gen. C.—My dear lady, I'm very much fatigued. The spirit world is full of noise and confusion. I cannot hear your questions, nor enter as fully into the subject you present, as is necessary to define my position; excuse me. (The table and chairs dance around the room.)

Miss ——General!——Gineral!!——He ish gone.

We intended to have given further and subsequent conversations, but the space we have already spared to the subject, is greater than we usually devote to our literary department. We will recur to it again.

OUR NATIONAL AIRS.

Seneca Falls, N. Y., April 22.

Eds. Courier & Enq:—

Having often seen difficult questions answered in your paper, I request an answer to the following:—What is the origin of the tunes of Yankee Doodle, Hail Columbia, and the Star-Spangled Banner? for I have often heard it asserted, that they are not original tunes for these especial songs. While I am in the way of asking such questions, where is the origin of the saying, "brevity is the soul of wit?" Please send an answer thro' your semi-weekly edition, and oblige myself, and many others, who remain yours,

Respectfully,
A SUBSCRIBER.

Our correspondent has been correctly informed with regard to Yankee Doodle, Hail Columbia, and The Star-Spangled Banner. Two of them certainly are of old English origin, and the words which give them the names by which they are known in this country were written within the last seventy-five years.

The air of Yankee Doodle was sung by the English peasantry 300 years ago, and many political songs were written for it during the days of the Cavaliers. Of course, the air and the songs were known among the American Colonists.—With regard to the song as we now have it, the following relation, which we find in Arvine's Cyclopœdia of Anecdotes, will be found very interesting to our correspondent and his friends:—

"During the French war of 1775, the provincial army sent against Niagara and Frontenac was commanded by Governor Shirley, of Massachusetts, and General Johnston, of New York. Thro' the early part of the season, the army lay encamped on the Hudson, a little below Albany. While the troops were in this position, they were continually receiving recruits from the New England States in the form of drafts and volunteers. They came in, company after company, just as they had issued from their farms and firesides, and their appearance is said to have equalled any specimen of the ludicrous ever exhibited, save and except the famous company of Sir John Falstaff. Some of them had long hair, some had short, and some wore enormous wigs. Some had black suits, some had gray. Some had long coats, some had short ones, and some had no coats at all. Their accoutrements were equally varied, and altogether furnished the most grotesque and amusing spectacle that can be imagined, and abundance of sport for the British regulars.

"The music played by the volunteers was such as had been out of date in the British army for centuries, and assisted finely to add point to the amusement afforded by the whole scene. In the British army, at that time, was one Dr. Shackburg, a surgeon, who was a skilful musician and a great wag. The doctor immediately turned his attention to the Yankee volunteers, and determined to pass off a joke composing a tune for their particular use. He accordingly remodelled the old air of *Nankee Doodle*, and called it *Yankee Doodle*, and with all the gravity imaginable, recommended it to the new comers as one of the most celebrated airs that his country ever produced.

"The volunteers admired the tune; and, notwithstanding the hearty laugh and noisy ridicule of the regulars, it soon became a general favorite through the whole American camp."

The air of Hail Columbia is not so old. To any musician it contains internal evidence that it was written within the last hundred years. It was evidently written for a military band by some inferior composer of military music. During the first years of our national existence it was known as The President's March, and did not receive its present name until 1838, when a Mr Hopkinson undertook to write a patriotic song for a young singer who was to sing it on the occasion of his benefit. The popular President's March was the air chosen, and the words produced were Hail Columbia. The song immediately attained a popularity which it has preserved.

The air of the Star Spangled Banner is again English, and is known in the mother country as "Anacreon in Heaven." The words which give it its American name were written by Mr Francis Key, not very many years ago.

While alluding to the subject, we cannot forbear an expression of regret that those airs which we have assumed as national, or which have been fastened on us as such, should be so positively paltry as music, and so utterly deficient in that strong, decided character which in a national air makes ample amends for the lack of all the polished grace of cultivated taste in its composition. A national air should properly be of unknown origin: it should have sprung from the people, and have been sung by lovely women and brave men from a time whereof the memory of man runneth not to the contrary. Such national airs may be heard in all the countries of Europe, and in them the greatest composers have found the germs of some of their finest compositions. But as from the origin of our nationality we could not have such national airs as these, we should have had some simple, grand and stirring music composed for us or adapted to our use. England and France are peculiarly fortunate in this respect. There are few grander strains than God save the Queen and the Marseillois; and they commend themselves equally to the educated and uneducated ear: but our national airs—it so we must call them—unfortunately cannot be heard by a musician without a smile which is almost one of contempt, while at the same time there is nothing in their origin to link them particularly with our fortunes, or awaken time honored associations in our bosoms.

But the length to which we are extending our remarks reminds us of our correspondent's last question. Brevity *is* the soul of wit and tediousness its limbs and outward flourishes. At least thus Shak-speare makes *Polonius* says in the second scene of the second act of *Hamlet*:—

> "My liege and madam, to expostulate
> What majesty should be, what duty is,
> Why day is day, night night, and time is time,
> Were nothing but to waste night, and day is time
> Therefore—since *brevity is the soule of wit*
> And tediousness the limmes and outward florishes,
> I will be breefe

OUR HARBOR.

At the meeting of the Common Council yesterday afternoon, Ald. West presented a letter from Hon. James D. Doty, received in acknowledgment of the resolutions passed by the Board some weeks since, in reference to the location of our harbor at the point indicated by Lieuts Centre and Rose, and which were directed to be sent on to Washington.

Mr. Doty states his pleasure at receiving this testimonial of the approbation of the City of his exertions in its favor. He further says that the difficulty in the way is the fact that the appropriations are made generally in accordance with the recommendation of the chief of the Topographical Bureau. He has, however, attended to the matter before the Committee, and will give the interests of our city all the aid in his power.

By the way, we find the following in the Racine *Advocate*:

> We learn that the Committee in Congress has inserted in the Appropriation bill $10,000 for the Harbor of Racine, cutting down Kenosha to the same sum, and cutting off $5,000, also, from the appropriation to Milwaukee to make up the amount.

What authority the *Advocate* has for the statement, we don't know. It is certainly right that Racine should have her appropriation, but why the others should be cut down to make it up, passes our sense of propriety. It is simply robbing one party to pay another his just dues.

American Bible Society.—The receipts of the year, from all sources, amount to $308,744 81; being an increase of $31,843 28 beyond those of the previous year; and $21,130 67 more than was ever received before by the society during any single year.

The number of Bibles printed during the same period is 239,000, and of Testaments 495,500, making a total of 706,500 copies.

The number of Bibles distributed is 221,450; and of Testaments, 444,565, making a total for the years of 666,015. This is an increase of 73,583 over the issues of the previous year, and makes an aggregate, since the formation of the Society of 8,239,982 Bible and Testaments.

Besides the above $30,000 has been granted for publishing the Bible in foreign lands.

The American & Foreign Bible Society (Baptist) has also expended during the year $41,6-2.

Making a Bout.—The schooner Sam. Hale has arrived at Milwaukee, having thus far completed the trip between Buffalo and this city.—*Chicago Journal, 18th.*

"Aisy now!" The Sam. Hale took a cargo from here, led the whole sailing fleet into Buffalo, ran back in about 5 days, arriving here on Monday last, discharged her cargo, loaded with 16000 bus oats and 400 bbls pork, and was off again for Buffalo yesterday (Thursday) morning.

The Great Caravan.—A correspondent of the Cincinnati *Enquirer*, recently returned form St. Joseph, Mo., says that the whole country is like an extended army encampment. In and around every town, the vacant grounds are whitened with tents and alive with the mass of men, women, children, horses and cattle, all preparing for the start upon the long journey over plain, mountain and desert.

Capt. Floyd.—The New York *Times* of Friday says: "Contrary to general expectation, Captain Floyd did not return in the steamer *Washington*, which arrived yesterday in charge of her first officer, Mr. Elisha M. Fitch. In our advertising columns will be found a complimentary card, signed by the passengers. We understand that Capt. Floyd's health was improving."

Right and Handsome.—On Sunday evening the boat running in the Michigan Central Railroad Line, was unable to land at New Buffalo, in consequence of the wind, and returned to Chicago, in season for the passengers to leave on the Southern Michigan train at seven o'clock in the morning.

The fare was returned to all who requested it.

☞ The steamer *Wisconsin*, Capt. Titus, arrived last evening from Buffalo, landing about 300 passengers, and a very heavy load of freight. She leaves here on Monday evening at 7 o'clock for Buffalo, from the North Pier.

Some 1200 passengers landed here yesterday and the day before.

☞ The Fakir of Siva, who has been astonishing the natives of Chicago for some time, is to appear here a week from Monday, at the Theatre.

Circuit Court.—Theodore Perry *vs.* Cicero Comstock, et. al.—Argument concluded and cause under advisement of the Court.

☞ Shannon & Conover have a large sale of dry goods this morning.

St. Louis to New York.—Travellers now make trip from St. Louis to New York, via the Mississippi, Illinois river and canal, and Southern Michigan Rail Road, in about three days and a half.

Mr. Lord's Third Lecture.

The lecture on "Archbishop Cranmer and the English Church," on Wednesday evening, was attended by a large audience, better than either of the others, and was listened to with great interest throughout. The same features of philosophical views of historical facts, vivid delineations of individual character, and brief, condensed narrative, were seen in this, as in the other lectures.

The two great points aimed at were the illustration of the manner in which the Deity works out its own designs in spite of the motives which prompt men, and makes the wrath and the passions of man to praise Him; and the better appreciation of the greatness of the character of Cranmer.

The first point was illustrated by the world-wide consequences which followed from the determination of Henry the VIIIth—whose character was pictured forth in lively colors—to divorce Queen Catharine and marry Anne Boleyn, in spite of the thunders of the Vatican, leading to the independent position of the English Church establishment.

The second point—the character and services of Cranmer, occupied the greater part of the lecture. To him, Mr. Lord gave the credit of conceiving the idea of, and carrying into execution, the complete organization of that Church, which has remained with very slight changes since his time. He recounted the difficulties under which Cranmer labored, in having to work out his plans, and yet stand fair with Henry—and how he succeeded amidst all these difficulties, in retaining his position until the death of the King placed Edward II on the throne, a pious prince, guided by Cranmer, in whose reign the organization was completed. Cranmer's recantations under Mary were remarked upon and regretted, and his atonement for them in yielding up his life described in moving terms. The lecture closed with the recitation, with admirable emphasis and effect, of parts of an article in verse, from Blackwood, appealing to the adherents of the English Church, in the name of her martyred Cranmer and others, to stand up against the late aggressions of Rome.

Fire!—Shortly before noon yesterday the alarm of fire was sounded for the Fifth Ward. It proved to be the dwelling house of Mr. Jas. Goggin, on Walker's Point, a good mile and a half from the heart of the city. Notwithstanding the distance, however, the Fire Department was on the ground in good season and succeeded in confining the flames to the roof and upper story of the house.—

Mr. Goggin had an insurance of $350 in the North Western Company which will cover the loss.

P. S.—Late last evening we received a note from Mr. Goggin, stating that the amount of damage to his dwelling exceeded the insurance upon it.

American Express Co.—It will be seen by the card of this well established and well managed Company, that their arrangements are complete for a daily run to and from this city during the season, and that they also connect directly with Sheboygan.

For an association of public carriers, which does its business with energy and faithfulness, and to the satisfaction of every body, commend us to the American Express Company, and for a busy, wide-awake, accommodating agent, take the measure of the agent here. We mention no names, for reasons long ago explained.

Incidents of travel.

Detroit, May 14.

Messrs Editors:—

I left our goodly City on the *Ward*, Capt. Estabrook, an accommodating and civil officer, who deserves a better boat; arrived at Chicago at 6 P. M.; went to sleep; woke at New Buffalo; what a dismal looking place; Railroad Pier heaped with goods for all parts of Wisconsin and Illinois; thousands of boxes of dry goods and heavy goods, are lying on the Pier uncovered; the rain fell in torrents; then I thought if the merchants were there how they would hop and chalk; but as they were not, nobody cared how wet they got.

There was a terrible collision of the Emigrant and Freight trains on Wednesday at Niles; twenty wounded and 7 were dead this morning; some few others will die of the wounds received; all the Railroad Agents are framing excuses of every kind; the Engineer is on trial; examination to-day.

One thing is certain, there was culpable neglect—that is universally asserted by all but the Railroad Agents.

I conversed with two who witnessed the disaster, and both of them, and many others, assert the same fact that the Engineer was under the influence of liquor; that fruitful source of most of the evils of life, has added this to his numerous other wholesale slaughters of men, women and innocent children. My informant also told me that he knew of three Engineers on the Railroad who were habitual tipplers. When will our public conveyances learn that none are to be trusted who habitually use intoxicating liquors? A pint of spirits has caused the destruction of thousands of dollars worth of property, and the loss of many valuable human lives. Yours,

D.

[Our correspondent, like others writing in the midst of excitement, gives an exaggerated account of the accident referred to. We have already published later details. The engineer was arrested at once, but we have seen no account of the examination.

So far as the goods at New Buffalo are concerned, we understand the explanation to be that they accumulated so rapidly that there was literally no place to store them under cover. Many of the boxes were wet, and the agent here, Mr. Goodrich, is settling for the damages with the merchants.]

Sunday Concerts.

Messrs. Editors:

I have heard that it is the intention of the German Musical Society to give a series of Sunday evening Concerts in this city. Such a proceeding I presume, would be productive of more evil than good, not only to the Society, but to the community at large. However attractive and customary these entertainments may be in Germany, they are out of place here, and as this Society is largely supported by those opposed from principle to such performances, I consider that it is no more than just that their feelings should be consulted with regard to the propriety of this movement. Most assuredly many of the latter class will conscientiously withdraw their influence, feeble tho' it may be, from a society who persist in carrying out their demoralizing opinions in defiance of those opposed to them. Our City is too much inclined to desecrate the Sabbath without this organized effort to encourage such acts.—We all know that this music is elevating and delightful in its place, but ceases to be so when it trespasses on the Sabbath in any other manner than as an aid to religious worship. I sincerely trust that our German friends will reconsider this intention, and take no hasty or improper steps in the matter; my interest in them, their praiseworthy society, and the public, leads me sincerely to hope this much, and I think our American opinion will bear me out in the sentiments above expressed.

A MEMBER.

Whig Primary Meetings.

The election of members of Conventions in the several Congressional Districts of this City, to choose delegates to the Whig National Convention took place yesterday morning, between the hours of 6 and 9 o'clock. Five delegates were elected in each Ward. The canvass, except in two or three Wards, was quietly conducted. The general results, (which it is only just to say, are partly conjectured,) are set forth in the following table:

* Elected for M. H. Grinnell, (Webster) as Delegate.

From this summary, it appears that in the 3d, 6th, and 7th Districts, Conventions have been elected which will vote for delegates in favor of Mr. Fillmore. In the 4th District the delegates are in favor of Scott; in the 8th, M. H. Grinnell will be elected delegate, and while his first choice is Mr. Webster, his second choice is understood to be Gen. Scott. In the 5th District the result is favorable to Scott.

If these returns prove correct, the six City Districts are likely to be *equally divided, three* for, and *three* against Mr. Fillmore.—*New York Times, 14th inst.*

FURTHER BY THE CANADA.

The accounts from France are barren of incidents of striking importance. The chief subjects interest were the noble stand of the Tribunal of First Instance of the Seine, in deciding against Louis Napoleon the question relative to the Orleans confiscation, and the probability of the proclamation of the Emperor at the approaching grand ceremonials of the 10th May. The protest of the tribunal is regarded as the first serious stand which has been made against the tyranny of Louis Napoleon, since December 2, and produced a fall of one-half per cent. at the Bourse. It was thought the President would now postpone for a season, his Imperialist aspirations, and a rumor was current that the Russian and Austrian Ambassadors had orders to leave Paris, in case the Prince sho'd be declared Emperor. The President and his Ministers have commenced a campaign against the foreign newspapers and resolved that any foreign journal refusing to insert a contradiction of intelligence pronounced the Governor to be false, should be prevented from entering and circulating in the French territory.

Steam from England to India, via Panama.

The Royal Mail Steam Packet Company (West India Line,) in conjunction with the Pacific Steam Navigation Company of Liverpool, have just determined to form a new Company to run a line of powerful screw propellers from Panama to Australia, touching at New Zeland, the arrivals at and departures from Panama to connect with the West India Packets, running between Southampton and Chagras. When this enterprise is in operation, a belt of steam communication all round the world will exist from Southampton, viz: to Sydney via Panama, and from Sydney to Southampton via Singapore, the latter line in the hands of the Peninsular and Oriental Companies. The *Chusan*, the first steamer of the last mentioned route was to leave Southampton for Sydney on the 15th inst.

Gen. Gorgey, the betrayer of Hungary, has beguiled his solitary confinement in the Tyrol, by writing an apology for himself and his actions during the revolutionary struggle. The work is in press and pretty nearly ready for publication.—The title is, "My Life and Acts in 1848-9." It is looked for with immense interest.

The Canal Enlargement Stopped!

The Court of Appeals yesterday rendered a judgment—all the Loco-Foco Judges concurring—affirming the decision of the Court below that *the Canal Enlargement act of* 1851 *is unconstitutional*—consequently null and void; so the Speedy Enlargement goes by the board, and the completion of the Enlarged Erie Canal is deferred to some year in the indefinite future—possibly for ever.

Far be it from us to impugn a decision of the highest Court of our State as dishonest; but we have a right to complain of the dishonorable duplicity and hypocrisy by which the People were duped into the election of our present Canal Board, supposing that the Canal Enlargement under the act of 1851 was already secured. If that act is now unconstitutional, it was so in 1851 as much as it is now. If there was any reason for contesting it on this ground, that reason existed before the last Election as fully as it now does. But the Loco-Foco State Convention of last Fall recognized the Canal law as valid and to be carried into effect; they asked the People to entrust *them* with its execution on the assurance that they would do it *more* efficiently and economically than the Whigs; and their candidates placarded the whole line of the Canals with their pledges that they would faithfully uphold and execute the Law. By the influence of these pledges they were elected, carrying with them one of the Judges who now unites in annulling the law!

Ah well! that is a long lane which has no turn! Let us see what placard, what trick, what dodge, will save the enemies of the Speedy Enlargement from the popular indignation which they have provoked. What Canal man in earnest will be duped by their professions next Fall?—*N. Y. Tribune.*

Correspondence of the Express.

The Coronation of a Black Emperor.

Port au Prince, April 2, '52.

The solemn and imposing scene of crowning the Emperor and Empress, in the Cathedral, by Archbishop Manthuel, on the 18th inst., (Sunday) took place in the presence of all the dignity and wealth of the Empire. After the crowning of the Imperial hair, the solemn benediction and imposition of hands, according to the rites of the Popish Church, the procession formed and moved towards the palace. The coronation of Napoleon was outshone in the cost and splendor of the crown, its jewels glittering like stars in the firmament, and the number of nobles and marshals far outnumbered those who danced attendance at St. Cloud; and I am very doubtful if Louis Napoleon's coronation will exceed that of Soloque 1st.

On the 25th, it is said that a new creation of nobility will take place, to give the Empire appropriate *eclat.*

Business is entirely suspended, and will not resume until May 1st. The population of the Island, you would imagine, if here, are congregated in this city, and over 20,000 persons are encamped outside.

News from the Copper Regions.

The news from the Copper region of Lake Superior continues to be highly favorable. Of the newer mines, the Copper Falls, Phenix, Adventure, Forest Northwestern and Farmington seem to be the best specimens, and there is little doubt that all of these will be extremely profitable in the due course of time.

The agent of the Forest writes, under date of March 24—

"A few days ago, I took out a mass weighing over a ton from the upper level No. 1. I am down with the main shaft.—The last work done in it we took out a mass weighing 300 pounds; at the bottom of the shaft we have a fine show. In the West drift, No. 3. we are taking out some fine barrel work; in fact, our mine is improving every day."

The agent of the Phœnix, under date of April 1, speaks of the continued fine prospects of the mine. He has 65 men at work, and in addition to the mining business, he has cleared 20 acres of land this winter. He has now 100 acres cleared. with 400 cords of wood at the works He expects to raise grain and hay enough this season for all the uses of the mine. The sawmills and other buildings on the grounds are let for $650 per annum.

The Copper Falls looks better than ever. The agent writes that all the veins improve as the works advance. The Hill vein is described as one of the richest ever opened.

Louisiana.—In relation to Gen. Scott, the New Orleans State Republican says:

"As the time for the nomination of the Whig candidate for the Presidency approaches, the friends of the three prominent candidates seem to be increasing their zeal for their particular favorites; but we are happy to believe that the prevailing feeling among all parties is for the selection of the best man, and the advancement of the best interests of the country. The friends of General Scott have much to plead. A whig of the old school—a patriot of the revolutionary character—a hero, crowned with laurels gathered in two of our most illustrious wars—a statesman of liberal principles and unflinching integrity, he would, doubtless, prove an available candidate, and an acceptable Chief Magistrate. His friends are many, true as steel, devoted to him, as their preference, but ready to submit cheerfully to the voice of the majority in convention."

Outagamie Co. Judicial Election.—We are glad to learn that at the election for County Judge, of Outagamie County, held last Monday, P. H. Smith, Esq., the Democratic candidate, has undoubtedly been elected by a handsome majority over his competitor, Mr. Phinney. In the town of Grand Chute, Mr. Smith received 32 Majority, and in Kaukauna, he received 102 out of 107 votes. We think that the choice which this young county has made will prove to be an excellent one.—*Green Bay Advocate.*

A Warning.—Marion County, Ky., has within its borders a poor house, in which there were but four paupers at the last dates, *all old batchelors.*—*Milwaukee Sentinel.*

☞ "Better is a dinner of herbs where love is, than a stalled ox and hatred therewith." The peace of the alms-house, even with its scantiness, is more desirable than the luxuries and consequently the bickerings of conjugal life. Matrimony always brings storms, to say nothing of smaller *squalls.*—*Buffalo Express.*

Port Stanley Burned.—The schooner *Mary* Capt. Barrow, just in from Port Stanley, C. W. reports that a fire broke out half past ten Monday evening, and consumed full one half that town before it could be conquered. It burned all the stores but two, the tavern and all the best part of the town. It did not reach the ware house, but at one time so threatened them, that goods were removed on to the vessels lying in port.—Loss great; insurance small. Goods as well as stores burned.—*Cleveland Plaindealer* 15th.

More of it.—One of the unfortunate persons, injured at the time of the recent accident on the Michigan Central Railroad, died at the "Illinois Hotel" in this city, on Saturday last.

The victim was a German woman, who sought a home in the new world, and found instead, a grave.—*Chicago Journal.*

THE MARKETS.

Office of the Daily Sentinel,
Milwaukee, May 21, 1852.

A few loads of wheat in market yesterday were taken at 34@45 for Spring, 50@68 for Winter. We note sales of 30 bbls. Pork at $15,00; 15 do. Country pork at $13,50; 150 bus. Barley at 41 cts; 500 do oats 22cts.

There were shipments, yesterday, of 1200 bbls. Flour, 520 bbls Pork, 16,700 bus. Oats, 5 tons Lard.

The weather has again "set fair," and vegetation comes forward rapidly.

St. Louis, May 15th.—Lead appears to be firm at the advance which it acquired a week since, and late sales establish the article, for the present, at $4 30 for Galena. We quote superfine, from Levee at $3 65, fine $2 75, scratched $3 12½, common $2 50, country extra $4 50.

The choice grades of wheat, principally this season from the Osage, Illinois and Wabash rivers, and from St. Charles county, in this State, bring readily former figures, from 80 to 85c per bushel; the lower qualities are not in demand, and range from 45 to 65c. For good yellow corn, quotations show 35c to be the ruling price, and a choice article of white has gone as high as 37½c. Oats are firm at 26½c and 27c.

Among the quotations will be found a sale of near 400 bbls mess pork (the first, of any consequence, made) at $16 25. The market seems to be still unsettled; but holders of large lots are asking $16 50. Bacon sides, clear, are slow at any advance on 10c; ribbed firm at 9½c; country hams 8½c; and shoulders 7½c.

Cincinnati, May 15, m.

The river has risen 18 inches since last evening.

Flour firm at $3 25, with small receipts. Whisky better, sales 1,000 barrels at 16¾c. Nothing done in provisions. Sugar held higher; sales of 120 hhds at 5¼ low fair, and 5½ for good fair. Molasses firm at 33c. Butter lower; sales 3,000 lbs. good new, at 17a17c. Cheese 6½. Sales 400 bushels prime barley 46c.

New Orleans, May 11.—The produce market is dull and heavy. Mess pork $16 72a$17. Yellow corn 46c white is scarce and in demand at 52c. Whisky 17c. No change in other articles.

Southern Michigan R. R.—The receipts of the Michigan Southern and Northern Railroad in April were

Passengers	$19,758
Freight	28,764
	$48,522
April, 1851	21,645
Increase	$26,961

Cleveland Harbor.—From soundings taken this day, the following depths of water were found:

In going out said channel, parallel with the pier, there is fourteen feet water, and any course seaward, between southwest and east, thirteen feet. Loaded vessels coming in should give the end of either pier a berth of not less than twenty feet, the river deposits having shoaled the water at each pier.

Custom House, Cleveland, May 13th, 1852.

Correction.—In the list of Banks having deposited Canal Revenue Certificates with the Comptroller as security for circulating notes, as published in our paper yesterday, appears the Patchin Bank of Buffalo. This is an error.—The Patchin Bank did hold $50,000 of such certificates, but sold them two months since and reinvested the money in U. S and N. Y. Stocks. This Bank has therefore no Canal Revenue Certificates deposited with the Comptroller, nor do they hold any.—*Buffalo Commercial.*

Iron Purchased.—The Illinois Central Railroad Co. have made a further purchase of forty thousand tons of rails at a low figure, one half cash and one half bonds, at par. This makes fifty thousand tons purchased, about two-thirds of the entire amount needed to iron the road.—Chi. Dem.

Commercial Bank.—We understand that the South Western Plank Road Company of this City has filed the necessary papers with the Auditor of State preparatory to the deposit of stocks and the commencement of business under the general banking law of the State. The new bank will be named the Commercial bank of Chicago.

Another Valuable Cargo.—The Brig *C. I. Hutchinson*, Capt. Monroe, arrived yesterday afternoon with a cargo of about 2500 bbls pork and lard consigned to P. S. Marsh, the value of which is not far from $44,000. The vessel and cargo are owned by Messrs. Wells & Hill, of Milwaukee.—*Buffalo Express, 15th.*

"WILL IT KEEP?"
Dr. Storm's Celebrated Scotch Cough Candy.—This is the only Medicated Candy in the United States that will not impair by exposure to the atmosphere. Merchants would do well to bear this in mind when making their purchases When any loss is sustained from dampness, the proprietor will bear it.
Hundreds of members of the medical faculty, have expressed their approval of a compound of this nature, where sugar is the vehicle instead of alcohol—and they have not only used it themselves, but prescribed it for their patients adult and juvenile.
Price, One Dime per Roll; 3 Rolls for 25 cts. or $1 per doz. A liberal discount made to Country Merchants.
The Candy is neatly put up with directions for use. A handsome engraving of the Scottish Coat of Arms, and the written signature of Hamilton Wade, (proprietor,) is on the outside wrapper of each roll and package.

HOOFLAND'S GERMAN BITTERS.
THESE celebrated Bitters prepared by Dr. C. M. Jackson, 120 Arch-st., Philadelphia, are performing astonishing cures throughout the whole country. We can bear witness to their curative powers in the case of a friend of ours who had the Liver Complaint, and who had tried almost every other medicine, but without effect. After taking a few bottles of these Bitters he was entirely cured. To those who are similarly afflicted we recommend them to take the preparation, knowing that they will cure the disease spoken of, and many others to which flesh is heir to. There is a spurious article made in Philadelphia. The only place to get the genuine article is 120 Arch-st., Philadelphia, of Jackson, or his agents throughout the country.

NEW ADVERTISEMENTS.

THE
FAKIR OF SIVA
IS COMING!

A CHALLENGE

In the Sum of $1,000.

"THE excellence of a pudding is only found out by eating," and so is the superiority of a safe only known by testing it. The following challenge has been published in the New York papers since Nov. 10, 1851, and no one has yet dared to accept it—and this together with the fact that in the hundred accidental fires in which these Salamanders have been tried, there is not an instance where their contents have been injured—They were placed in competition with thirty different kinds at the World's Fair, and received the only premium given. All sizes of the above celebrated safes may be had at No. 21 East Water street, Milwaukee, at the manufacturer's prices.

A Challenge in the Sum of $1000.

To all Safe Makers in the United States who do not make or infringe upon Wilder's Patent, a right which I have enjoyed and furnished to the Public with all the improvements since it was first patented. The result of several former trials, when fairly tested with other safes, and the numerous accidental fires which have brought them in contact with other safes, has deservedly placed the Salamander Safe, as manufactured by me, far ahead of all similar protectors. In order that the public may have a further opportunity of judging whether their verdict, as rendered in favor of my safe, has been a correct one, I propose another fire and impartial trial upon the following conditions:

First—A committee of respectable citizens to be selected (as may hereafter be agreed upon) to conduct the trial.

Second—Each party accepting and entering upon terms in writing, to furnish said Committee with a given number of names of parties who have purchased their safes and have since used them.

Third—The Committee to select one of each Maker's, of corresponding size, so that the Maker cannot be allowed to manufacture one expressly for a furnace or blowpipe heat, [illegible]

The public are not interested to know who can make a Safe to stand a blast-furnace or a blow-pipe heat the longest; but it is of vast importance to the whole commercial world to know who furnishes those which prove the best in a natural, accidental fire, such as one would be subjected to in the burning of a store, house, factory, or other building.

Fourth—The Committee to conduct the fire and render a report in writing for publication.
SILAS C. HERRING.

HAWKINS' STAVE DRESSING MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves PER HOUR,

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters, and is them ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

Graefenberg Medicines

HAVE YOU USED THEM?

AS popular medicines, prepared carefully and scientifically, and adapted to the wants of the American public, they have no superiors. They are emphatically what they are represented to be, *genuine*, and free from *Humbug*, intended as much to *cure* as to *sell*. When once used, they are universally relied upon, and no *Family* should be without these truly valuable aids to *Health*. In many instances the *regular faculty* recommend and use them, such is their force over the prejudices of those so generally opposed to the circulation of POPULAR MEDICINES. No *Family Physician*, in ordinary cases, is needed by those who own the *Graefenberg Manual of Health*, and strictly abide by its directions in the use of the medicines.

A word to the *wise* is sufficient, without the publication of certificates, which we have of the most flattering description always open for the inspection of the incredulous.

We will enumerate in conclusion the various preparations of this Company, which may be found in every town in the State throughout the Union.

THE GRAEFENBERG SARSAPARILLA, is purely vegetable, no *big bottle humbug*, or pleasant drink, but *as it should be, a Medicine* of the greatest power in promoting an entire change in the system, by eradicating those impurities of the blood which are the seeds of almost incurable disease in man.

THE GRAEFENBERG DYSENTERY SYRUP.—Public approbation has stamped upon it the character of *perfect*. It has checked the ravages of *Cholera* in its last stages, and for bowel complaints it has no equals.

THE GRAEFENBERG VEGETABLE PILLS, are particularly valuable for the prevention and cure of *Fevers* in general. They act gently, naturally and surely and in connection with our *Health Bitters*, are a certain and speedy cure for the Fever and Ague. The *Bitters* have a wonderful effect in invigorating a debilitated *system*.

THE GRAEFENBERG GREEN MT. OINTMENT.—In reducing inflamation, healing burns, bruises, and all injuries to the body, we can confidently recommend this salve to all as being most efficacious. In the *Mineral Region* of our State its merits are universally appreciated.

THE GRAEFENBERG EYE LOTION.—An unpretending article, but one which meets with large sales in the West, and has been the humble means of relieving thousands from intolerable pain arising from injured or diseased eyes. Try it.

THE GRAEFENBERG UTERINE CATHOLICON.—This is perhaps the most valuable medicine of this Company, inasmuch as it reaches cases despaired of by the most scientific physicians. For Prolapsus Uteri, and all complaints incident to *Females*, it will be found a safe and speedy remedy. Let no *afflicted woman* be deterred by delicacy or prejudice from giving it a fair trial. Inquire of the agent for the pamphlet in relation to it.

THE GRAEFENBERG PILE OINTMENT, CHILD'S PANACEA, &c., are all invaluable remedies, directions for which and all the medicines are attached to each.

THE WORLD'S FAIR
PREMIUM SAFES.
DEPOT,
Green Block, Water St.,
(Between Maiden Lane and Wall Street,)
NEW YORK.

THE SUBSCRIBER PLACED HIS FIRE AND BURGLAR-Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an impartial jury awarded a medal.

The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior Safes within the last thirty days, (and can, with many others, be seen at my store,) viz. Messrs. Stillwell & Montross, and Mr. J. L. Watkins, in the Fulton Street fire; Messrs. Fisher & Robinson, and Messrs. John Lockwood & Co., in the great fire corner of Liberty and Nassau Streets, and Messrs. Proud & Bowman, in Jersey City.

I am the proprietor of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston,) at the World's Exhibition, and is considered the best Lock for the price, ever invented, being proof against powder, and the Key is no larger than a cent, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.

New York, Dec. 20, 1851.
Messrs. STEARNS and MARVIN, successors to C. Rich & Co., No. 146, Water Street, New York—Sirs, when the fire was consuming my place of Business, No. 216, Pearl Street, I was absent in Rensselaer County, testing a new cleaning apparatus in connection with my Excelsior Thrasher, and did not read the account until I was fearful it was too late to save my books which were placed in one of your safes, purchased from Mr. Marvin some years ago. My fears were not allayed when I found it necessary upon my return to apply the Croton Water 40 hours before I was enabled to commence operations; after which it required 54 hours of labor and application to raise the Salamander from its ashy bed. You may judge of my anxiety during this delay, and my agreeable surprise upon opening the safe in the presence of a number of gentlemen, to find my books and papers saved, and as legible as they were previous to the fire. The intense heat to which the Safe was subjected, can be conjectured from the condition of another safe, (not a Salamander) of which an iron skeleton frame only remained, and not a vestige of a book. They were companions in the same office, on the second floor, from which they fell upon crates of earthen ware in the cellar, the ruined safe upon the Salamander. If their position had been reversed, not even the skeleton would have remained. My loss over the insurance is $1,000, yet the salvation of my books in your Salamander, with the representatives of $100,000, and important documents which could not be duplicated, has fully compensated me.

It will afford me great pleasure to exhibit the new safe purchased of you, and explain its merits, at my present office, No. 251 Pearl street, where I shall remain until the new building, No. 216, is erected.

Yours respectfully, JOSEPH G. GILBERT.

The undersigned invite country merchants and those interested in the preservation of their books from fire, (but particularly those having Rich's safe in use) to call at the depot 146 Water street, New York, to see the inferior of Mr. Gilbert's safe with the books undisturbed, which he has kindly permitted to remain for the satisfaction and gratification of the public.

MISCELLANEOUS.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.

JAMES G. WILSON, Philadelphia."
May 19, 1849.

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

REMOVAL.
P. W. BADGLEY,

HAS removed to his New Stores, four doors north from his old stand, at **Nos. 103 & 105, E. Water-st.,** where he has on hand a very heavy stock of GROCERIES, and would invite those wishing to purchase goods in his line to give his stock an inspection before purchasing.

It has not only been the aim of the subscriber to sell as low as any other similar establishment in the West, but to convince purchasers that he can and will sell as low as Jobbers of Groceries in New York—and why not? The subscriber has been engaged in the Wholesale Grocery Business in New York for six years prior to opening in this market. His experience and facilities enable him to buy from the same parties the Jobbers of New York buy from. He will hold himself in readiness to duplicate any retail merchant's purchases in New York—adding necessary expenses.

His stock on hand consists in part as follows:
90 hhds Brown Sugars, various grades.

50 bbls Crushed and Ground Sugars.
200 bags Rio, Porto Rico and Java Coffee.
190 half chests Young and Old Hyson, and Imperial Teas.

100 bbls Ohio and Buffalo Whiskey.

Pork, Hams, Shoulders, and Lard, of his own curing.

Also agent for the sale of the celebrated Tiger Mill
POWDER AND LAMP OILS.

It is the object of the subscriber to have at all times a stock that will attract the attention of cash purchasers.

The subscriber would tender his thanks for the liberal manner he has been patronized for the last six years, and hopes to merit a continuation by strict attention to the interests and wants of his customers. All orders entrusted to him to fill will meet with the same attention as if present.

For references inquire of his old customers, who are numerous and easy to be found.

WATER-CURE ESTABLISHMENT,
BRATTLEBORO', VERMONT.

THE Proprietor, DR. R. WISSELHOEFT, begs leave to inform the public, that he has recovered from his severe sickness, and is able again to attend to his professional duties. Former and new patients, therefore, may depend upon his giving due attention to their cases. They will also find comfortable and pleasant accommodations both for themselves and friends, but will please to remember that the establishment is intended for the *cure of diseases by means of water*, and not for a hotel at a fashionable watering place. Yet, to the lovers of nature and a quiet summer residence, the house has many attractions besides its Water-cure, for Nature has indeed been lavish of her gifts on the town, and the walks and drives in the vicinity.

G. GRÆSSLE'S
PRESSED, FIRE-PROOF TILING.
CERTIFICATES OF RECOMMENDATION.

BY the present, I attest my entire satisfaction with the roof of my house, covered with the pressed, fire-proof Tile, invented by Mr. Graessle; having found them perfectly secure during snow-storms, rains, wind and intense cold. I hereby take occasion to recommend said roof covering to every house-builder, inviting them to satisfy themselves by occular inspection of the excellent quality of the same.
ENNO MEYER,
Druggist, 371 W. Water-st., 2nd ward.
Milwaukee, Feb. 3, 1852.

The above I found true in every respect, as to the roof of my house, covered with the same tile, invented by Mr. Graessle.
AUGUST KRUG,
Brewer, Chestnut-st., 2nd ward.

The undersigned, having carefully examined the pressed roofing Tiles invented by Mr. Graessle, have found them perfectly answering the purpose intended. Their practical and sagacious construction recommend this kind of Tile, not only as a fire-proof and perfectly water-proof covering, but above all for its durability. The ridges and channels not only exclude the entering of snow or rain-water, but, by their firm and precise joining of one into the other, they give to the single Tile as well as to the whole covering an absolutely moveable position and an intimate connection. Besides this, Mr. Graessle's method of burning the Tiles, deprives them of the injurious tendency to absorb water, making them in this way durable; and joining to the above another virtue, viz. that of dispensing with repairs. The undersigned therefore consider ourselves fully justified in recommending to the building community the above roofing Tile as an excellent and valuable material.
OTTO SCHWARTZ, } Architects
VICTOR SCHULTE, } & Builders.
Milwaukee, Feb. 5, 1852.

To G. Graessle:—I have examined the Roofing Tile made by you, and have no hesitation in recommending them to general use, and particularly as a fire-proof roof.

FOR COOKING, PARLOR & OFFICE USE; GRATES, FIRE FRONTS, CITY AND COUNTRY HOLLOW WARE, KETTLES of all kinds; SAD-IRONS, STRAW-CUTTERS, CORN-CRACKERS & SHELLERS, AGRICULTURAL IMPLEMENTS, AND PORTABLE

GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
DOUBLE OVEN COOKING STOVE,
(Which received the First Premium at the State Fair, lately held at Janesville.)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the conveniences of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of any articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

Ketchum & Comstock,
HATTERS,
202 Main Street, Buffalo.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. we invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

RADWAY'S READY RELIEF,

Is the first and only remedy ever recorded in the Medical History of the World that has stopped the most violent pains in a few seconds.

IT WILL STOP
THE MOST SEVERE PAINS
IN A FEW MINUTES, AND CURE THE MOST OBSTINATE AND TORMENTING RHEUMATIC, NEURALGIC AND NERVOUS COMPLAINTS
IN A FEW HOURS,
INTERNAL AND EXTERNAL.
IT WILL STOP
THE MOST EXCRUCIATING PAINS,
IN FROM THREE TO FIVE MINUTES!
AND HAS CURED

Rheumatism	In Four Hours.
Neuralgia	In One Hour.
Croup	In Ten Minutes.
Diarrhœa	In Fifteen Minutes.
Toothache	In One Second.
Spasm	In Five Minutes.
Cramps	In Five Minutes.
Sick Head Ache	In Fifteen Minutes.
Chill Fever	In Fifteen Minutes.
Chillblains	In Five Minutes.
Sore Throat	In Four Hours
Influenza	In One Hour.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every Joint and sinew works harmoniously with each other, and upon the natural performance of every function, depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF
In a few seconds
WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.
PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Acontine, Belledonna Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.* If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF
IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,
Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,
It relieves the most severe pains in a few minutes—checks the most distressing discharges, and
SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.
PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.
CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.
Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.
Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.
By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.
Imparts nutriment to the hair,—
Makes it stong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.
Radway's Circassian Balm is the "ne plus ultra."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25
"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 24, says:—"A Medicine'—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co., of Buffalo, which is a worthless imitation and the pamphlets a "BASE FORGERY" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud."
